TRUST COMPANY SERVICE

THE ensuing months and years will present many opportunities but more obligations to the progressive trust company. Its services must be made as intensely practical, helpful and personal as possible. The giving of dependable counsel must be considered as much a matter of course as the accurate handling of clerical details. Trust funds must be administered with unusual discretion. Strenuous cooperation will be a vital factor in rebuilding foreign markets.

Each of the six major departments of the Old Colony Trust Company is better prepared today than ever before to render its particular kind of specialized service to all who may need it. Complete facilities are available for every branch of Commercial Banking. Through its Trust Department, this company is uncommonly well prepared to act in every fiduciary capacity for both corporations and individuals. Its Foreign Department can be of great value in financing international trade. High standards of serviceability obtain also in the Bond, Transfer, and Vault Departments.

By reason of the progressive administration of its policies, its position in the field of banking and its thoroughly modern equipment, this company is exceptionally well-qualified to handle the finances of individuals, estates and corporations.
